EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Janet I. Cord on 3-16-05.

The application has been amended as follows:

Cancel claim 4.

In claim 42, line 2, insert space between "1" and "comprising"

In claim 46, line 2, insert space between "40" and "wherein"

In claim 51, line 2, replace "1:0.5" with "1:0.5"

The following is an examiner's statement of reasons for allowance:

Instant claims are directed to a fast disintegrating, controlled release composition comprising a core containing cefuroxime axetil, an outer coating of aqueous dispersion of enteric methacrylic acid and methacrylic acid esters and inner coating of acrylate and methacrylate pH independent, neutral copolymers having quaternary ammonium groups. Applicants have shown that a combination of the polymers results in a fast disintegrating and yet a sustained release of the drug with a significantly higher dissolution than achieved with either polymer when used alone.
